Reserve Your Table Today
bit.ly/EveryWomanCountsLuncheon

Check payment will also be accepted at Healthy Birth Day, PO Box 71093, Clive, IA 50325

What is a table captain?

A table captain is responsible for filling (funding) a table(s) of ten for the Every Woman Counts event. You can do that in one of two ways:

- 1) **HOSTING** – purchase the table for \$600. Invite nine friends/family to join your table.
- 2) **INVITING** – purchase your seat for \$60. Invite nine friends/family to also purchase a seat for \$60 at your table.

(A reminder that March 15th is the early bird deadline, after which table/seat pricing will increase.)

Why become a table captain?

Being a table captain comes with benefits.

*You will be invited to our table captain kickoff reception on Thursday evening, February 21, 2019 at Evereve - Jordan Creek Town Center, for shopping that makes a difference!

*Upon full table payment, you have a guaranteed table
(the event has been known to sell out).

*You get better seating, table captains are assigned tables in front of general public seating.

*Lastly, it feels good to give back and save babies!

What is Count the Kicks?

Count the Kicks is a public awareness campaign that teaches the importance of, and method for, tracking fetal movement in the third trimester of pregnancy. Research shows moms should pick a time each day to see how long it takes their baby to get to 10 movements. If the amount of time it takes to get to 10 movements changes, moms are encouraged to call their provider right away.

Meet some of our 2018 baby saves...

All proceeds support our mission to save babies!
